Prepare For Your Screening

Fasting is critical for accurate results. **Do not eat or drink anything besides water for 8-12 hours** prior to your appointment.

Drink plenty of water the day before and morning of your screening. Aim for 1/2 your weight in ounces of water every day.

While you're fasting, **maintain your medication regimen** as prescribed by your doctor.

Please wash or sanitize your hands prior to your appointment and practice social distancing while waiting for your appointment.

Arrive 5-10 minutes prior to your scheduled appointment for registration.

PREPARE FOR YOUR HEALTH SCREENING

FAST FOR 8-12 HOURS

Fasting is critical for accurate results. Do not eat or drink anything besides water for 8-12 hours prior to your appointment.

MAINTAIN YOUR MEDICATION REGIMEN

While you're fasting, maintain your medication regimen as prescribed by your doctor. If your doctor or medications advises against fasting, listen to their recommendations and adjust your preparations accordingly.

DRINK PLENTY OF WATER

Stay well-hydrated by drinking 8-10 cups (64-80 oz) of water daily, starting 72 hours before and on the day of your appointment for a successful blood draw.

ARRIVE 5-10 MINUTES EARLY TO YOUR APPOINTMENT

Please wash or sanitize your hands prior to your appointment.
